Education

- | | |
|-----------|--|
| 2021-2025 | University of Hong Kong
Ph.D. in Speech-Language Pathology (Swallowing) |
| 2013-2017 | University of the Philippines Manila
B.S. Speech Pathology
Awards: <ul style="list-style-type: none">○ Cum Laude○ Best Research Presentation |

Professional Experience

- | | |
|-----------------|--|
| 10/2025-Present | University of Hong Kong
Research Officer (Full-time)
Swallowing Research Laboratory, Faculty of Education (PI: Dr. Karen Chan) |
| 03/2020-03/2025 | University of Hong Kong
Research Assistant (Part-time)
Swallowing Research Laboratory, Faculty of Education (PI: Dr. Karen Chan) |
| 02/2020-09/2020 | Philippine General Hospital
Speech Therapist II (Full-time)
Speech and Language Section, Department of Rehabilitation Medicine |
| 08/2018-07/2019 | University of the Philippines Manila
Instructor III (Part-time)
Department of Speech Pathology, College of Allied Medical Professions |
| 09/2017-02/2018 | Basic Steps Center for Early Intervention and Rehabilitation
Speech Therapist (Part-time) |
| 08/2017-10/2021 | Private Practice
Home-based clinician / Telehealth (Part-time) |
| 08/2017-07/2018 | University of the Philippines Manila
Instructor III (Full-time)
Department of Speech Pathology, College of Allied Medical Professions |

Research

Selected peer-reviewed papers

- Dodderi, T., Chua, DMN., Chan, KMK., Balasubramaniam, RK., & Kothari, M. (2025). Principles of Neural Plasticity and Motor Learning in Swallowing Exercise Protocols for Older Adults: A Mapping Review. *International Journal of Speech-Language Pathology*, 1–19. <https://doi.org/10.1080/17549507.2025.2573336>
- Chua, DMN. & Chan, KMK. (2024). Cortical Activation during Swallowing Exercise Tasks: An fNIRS Pilot Study. *Dysphagia*. <https://doi.org/10.1007/s00455-024-10730-1>
- Chua, DMN., Choi, YY., & Chan, KMK. (2023). Effects of oropharyngeal exercises on the swallowing mechanism of older adults: A systematic review. *International Journal of Speech-Language Pathology*, 1–18. <https://doi.org/10.1080/17549507.2023.2221409>

Selected peer-reviewed conference papers

- Chan, KMK., Chua, DMN., Leung, HKH. (2026). Improving Access to Dysphagia Rehabilitation in Nursing Home Settings: Pilot Study of a Team-Based Approach. *Japanese Society of Dysphagia Rehabilitation (JSDR) 32nd Annual Meeting*.

- Chan, KMK., Tong, E., Au, D., Lee, E., Tsang, C., Chua, DMN. (2025). Mealtime Experience and Carers' Skills and Knowledge at Residential Care Facilities for Elderly. *Asian Dysphagia Society (ADS) 2nd International Conference*.
- Chua, DMN. & Chan, KMK. (2024). Neural Effects of Action Observation Priming on Effortful Swallowing Execution in Healthy Adults. *Dysphagia Research Society (DRS) 33rd Annual Congress*.
- Chua, DMN. & Chan, KMK. (2023). Cortical Activation during Swallowing Exercise Tasks: A Preliminary fNIRS Study. *European Society for Swallowing Disorders (ESSD) 13th Annual Congress*.
- Chua, DMN., Chan, KMK., Choi, YY. (2022). Effects of Oropharyngeal Exercises on the Swallowing Function of Older Adults: A Systematic Review. *Dysphagia Research Society (DRS) 30th Virtual Annual Meeting*.

Memberships / Certifications

07/2023-Present	Registered Speech-Language Pathologist (RSLP) Professional Regulation Commission Republic of the Philippines
05/2022	Certificate in Teaching and Learning in Higher Education Centre for the Enhancement of Teaching and Learning (CETL) The University of Hong Kong

Teaching

Undergraduate Teaching

A.Y. 2021-Present	Teaching assistant / Guest lecturer The University of Hong Kong • Dysphagia
A.Y. 2020-21	Guest lecturer

University of the Philippines Manila

- OPST 199.1 Methods of Research for OT, PT and SP
- SP 158 Introduction to Clinical Training

A.Y. 2017-19

Instructor

University of the Philippines Manila

- SP 102 Anatomy and Physiology of the Speech and Hearing Mechanism
- SP 114 Neuroanatomy for Speech Pathology Students
- SP 131 Anatomy, Neuroanatomy, and Physiology for Speech Pathology
- SP 116 Communication Disorders Related to Cleft Lip and Palate and Other Craniofacial Anomalies
- SP 128 Medical Rehabilitation Lectures in Speech Pathology
- OPST 195 Foundations of Research Literacy
- OPST 199.1 Methods of Research for OT, PT and SP
- OPST 199.2 Research Proposal Writing
- SP 200 Undergraduate Thesis

Invited Lectures

04/19/2022

The Aging Swallow

Postgraduate Dysphagia Certificate Program 2022

College of Allied Medical Professions

University of the Philippines Manila

Public Engagements

09/20/2020

Practical Tips and Strategies for Improving Speech and Language at Home

Resource Speaker

Autism Family Support Group; Online Webinar
